SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-35839; File No. SR-DTC-95-01]

Self-Regulatory Organizations; the Depository Trust Company; Order Approving a Proposed Rule Change Establishing a Procedure To Buy-in Securities To Eliminate Participants' Short Positions Older Than Ninety Days

June 12, 1995.

On January 13, 1995, the Depository Trust Company ("DTC") filed with the Securities and Exchange Commission ("Commission") a proposed rule change (File No. SR-DTC-95-01) pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act").¹ Notice of the proposal was published in the **Federal Register** on March 17, 1995.² The Commission received no comment letters.³ For the reasons discussed below, the Commission is approving the proposed rule change.

I. Description of the Proposal

DTC currently employs procedures to help eliminate short positions caused by book entry deliveries of callable securities made between the call publication date and the lottery processing date and procedures to help eliminate short positions caused by rejected deposits.⁴ Under DTC rules, when DTC participants have short positions in their accounts, DTC debits the participants' accounts by an amount equal to 130% of the market value of the short position as determined by DTC. DTC believes collecting 130% of the value of the short position protects DTC against risk and provides participants with an incentive to cover short positions promptly. The short position is marked to the market daily until the short position is covered or matures.

DTC has established procedures that permit DTC to use the short position charge as a funding source to buy-in

¹ 15 U.S.C. 78s(b)(1) (1988).

² Securities Exchange Act Release No. 35469 (March 10, 1995), 60 FR 14473.

³ In response to an "Important Notice" to its members requesting comment on the proposed buy-in procedures, DTC received 11 comment letters. In general, DTC's members were opposed to an earlier version of the proposed buy-in procedures which used a tiered approach based on the age of the short position (i.e., offerings starting at 110% after 90 days and extending to 130% after 150 days). DTC believes that this rule change addresses the concerns set forth by the commentators.

⁴ For a complete description of DTC's procedures, refer to Securities Exchange Act Release No. 35034 (December 8, 1994), 59 FR 63396 [File Nos. SR-DTC-94-08 and SR-DTC-94-09] (order granting temporary approval of procedures to recall certain deliveries which have created short positions as a result of call lotteries and rejected deposits).
